“Dad I will always remember us reuniting after so many many years apart. Your face lit up and you smiled so big. You were watching Rocky on the TV and somehow enticed me to get you chocolate and take you outside in the courtyard of the home. You kept looking at me with this smirk of a smile. You shared with me how you always kept a picture of me in your wallet. Even though we were apart for so very long you let me know that you always loved me. Now I know where I get my sweet tooth from, my eyes, my smile and some of my personality that I was always told, that is your dad :-). This is a beautiful gift that we were able to share with one another. Although we only met a handful of times it was a gift for us to have met and to talk. Dad thank you for giving me life. Thank you for sharing your love of sports and movies with me. You will forever be with me by the ocean in my heart. Love Lisa Marie Long (Belmar)

“Albie was a legend in Cooper Village . Growing up in the Village Albie was constantly with his friend “ Botts” Bruce Bottalergi . Albie was a Fast Runner. And he could outrun Anyone chasing him. I hadn't seen Albie in many years. But I ran into him while I was working at the Eagle Point Refinery. We both knew one another immediately. From than we would reminisce about our days in the Village. RIP Albie and Condolences to his entire Family !
