“ *Maria and Michelle,
I'm so sorry to hear of your dad's passing. We lost my dad last year and all I can say is the pain lingers but lessens. Time makes it easier to focus on the good times and be happy to have had them. I have great memories of working for your dad when I was young. He, like my dad, taught me that you can start something from nothing and, with hard work, make it all your own. My mom reminded us about the time Al took dad down to Atlantic City to cheer him up because dad couldn't speak well after his stroke. Al said, "It's ok, just sing it to me!" That was so him! My love and sympathy goes out to your families.*

“ This is a very sad day for everyone that knew Al. We haven't seen or spoken to each other for quite awhile a lot of wasted years .I have so many great memories of him and myself its hard to believe he is gone . I will surely miss him but the memories will stay with me as long I keep using my weights and see vending machines or pick up a drink he will remain in my thoughts

“ My most sincere condolences,
Love begins with a smile, grows with a kiss, ends with a tear. When you were born, you were crying and everyone around you was smiling. Live your life so that when you die, you're the one smiling and everyone around you is crying.
God bless, rest in peace Albert.

“ My sympathy to the family. Your father was a funloving man with a huge heart and a wonderful smile. I knew him from when he collected Hummels. May he rest in peace.
