Ms. Arlene thank you for always being such a ray of sunshine for me every time I would work at Elmwood we would always have such a great time just sitting and talking, laughing and crying and trying to encourage one another! You were and will always be a true angel to me! I am blessed to have met and spent time with you and you will be greatly missed! Love your friend/nurse Maria

“ Mom, I love you more than words can say! I love how each time you saw me you got so excited as if you haven't seen me in a long time even though it was only a few days. I loved how you got so excited to get your coke and potato chips. I loved how anything we did together as a family you would say for days how much fun you had and how happy you were to do it. Things won't be the same without you, I miss you so much! I will think of you every day! I love you bigger than the moon!❤️ Love, Grace Ann

“ I write this with tears streaming down my face. I will do my best to finish this but the pain in my heart is a very real. My eyes are blurry from my tears and my hands are shaking. I know that life was not always kind to you, but through it all you handled everything with grace and dignity. I have never met a more beautiful person inside and out. I absolutely loved your laugh and it didn't take much to make that happen. You are always so endearing and full of love I am extremely sad not just because you're gone but because I'm not there with you in these final hours. I hope you knew how much I loved you from the very first second I saw you. That was 63 years ago and I have never stopped loving you since.

One last thing before I go, you kinda left me hanging on something I spent a lifetime trying to get an answer too. I hope this still gives you a laugh.

“ I will never be able to put in words how much my Mommom meant to me. She has taught me so much and I notice that I have picked up so many different mannerisms from her. My fondest memories include playing 500 rummy, going out to eat at a different restaurant every week, sometimes the same restaurant, and constantly laughing at everything together. We would laugh so much that my face would hurt. I loved being around her because she was just pure joy. She reminded me of the sun, always bright and full of energy. She would walk into a room and if there was someone who was having a bad day, she immediately made them feel better. Mommom was my constant. That one person who would always be there. It is so hard to not have her here anymore on this earth. Even though she is no longer physically here, i feel her all around me. I know that she is my guardian angel. I will always love you Mommom.

Aunt Arlene was the best. She was always so sweet when we would go visit her years ago. I still remember how excited she was to do our wedding flowers. Thoughts and prayers to her family at this difficult time. RIP Aunt Arlene
