“ *My Carol. My Carol.*

I mourn your death with all my heart. I am so so sad you wanted to die. I am so so sad you died without a place of your own to call home. I wish I could have fixed things for you. I hope it helped that I loved you and stood by you all these years. I will sincerely miss you, my forever friend.

I hope someone from your family will take a bit of your ashes and sprinkle them at Rocky Beach - truly where your heart will always be.

Love always, Frannie oxox
