“ *Caroline and I worked together at West Jersey Hospital in Camden, NJ. She was a compassionate and caring person to her patients and the staff she worked with. She was like a second mother to me. I visited with her and her daughter even when she lived on Cattel Rd in Wenonah along with her St Bernard. We shared many stories! She even had a friendly ghost that visited her. I went to her daughter's wedding. I remember how proud she was of her new grandson. She was always so kind and generous. We still exchanged Christmas cards all these years. My thoughts and prayers go out to all of you. May you relish all the memories and hold them close to your heart.*
