“ My best friend and soul sister lost her fight with pancreatic cancer on July 16, 2024 at the young age of 56. She fought and died alongside her family and friends with the same love, smile, grit, and passion that she approached every day of her life with. Cancer could never take away her immense spirit. Her strong will to live, faith in God, amazing friends, and loving family who guided her through her courageous battle for this last year.

She had a 30 year career at CHOP and was admired and respected by her co-workers/friends. Her unwavering and never ending love for her children will be felt for the rest of their lives.

I still can't wrap my head around this. I am still in shock! Cheryl, I can't believe that you are gone. You were the kindest, most loving, caring, and genuine person that I had the pleasure of knowing! You Were The "Thelma To My Louise". We Were Partners In Crime. You were the "Friend" that everyone loved so much!! We All Loved You and we are so Heart Broken 💔 You never spoke a bad word about anyone. You were truly the most genuine human. You will be missed by so many people! I will treasure all the wonderful memories that I share with you. I love you so much & I will never forget you for as long as I live! You had been tested and tried this past year and you have showed the world what grace, resilience, and bravery looks like 🙌 You are One In A Million 💜 May You REST in Eternal Peace until we meet again💔💔💔 #CancerSUCKS
