“ I vividly remember when Fred convinced the school administration to add Colleen to his math class, despite the pressure that would put on both of them . Fred, as we all remember and love, never backed away from a challenge. But this challenge was a parent's love to motivate his child. At the end of each marking and the final grade, all A's were legitimately earned and subsequently quieted the critics. Fred and Colleen stepped up to the challenge. A loving father taught his daughter the value and benefits of hard work under pressure that went far and beyond a lesson plan book. Now, they're together again and forever.

“ One memory that stands out, Colleen and I had boyfriends that were best friends. One night we left the apartment went on the kiddie swings for hours we were laughing so hard having such a good time our faces hurt. She always made me laugh and put a smile on my face as she was always smiling no matter what. Been years since I have seen her, she definitely will be missed. R.I.P. Sweet Angel

“ Betty my long time neighbor I am so sorry to hear this news. Colleen and I had many good memories as children playing ball out front and playing at the monkey bars at the playground. Many good times in the pool too. My sincere condolences as I know your heart is hurting. Love ya and miss you neighbor. I wish I could be there for you. Mike, my thoughts and prayers are with you.
