“ First My Sympathy Goes out To Dan`s Family I Know he will be Missed . I had the Pleasure to work with Dan through my Younger Years in Life and also had the Chance of Being a customer before working for Dan ,he used to tease me as a kid ...and yet later on he gave this kid a chance to work for him and had a hand in moulding a work ethic into Me ,I appreciate that from Him and have Many fond Memories Of working in That store ...Haney`s Market ..He was a straight Shooter and told it like it was ,he was hilarious and made the Day go faster so many times ,I have so many stories of just pure Laughter that surround him and his antics ,and still tell them to this Day.Thanks Dan for Helping This Kid Out and giving him his First Job ...Breyers Calling.....Anyone who worked for Him Knew he could Light up the Room ,and Knew he was a great Family Man and Music Lover ,He will be Missed

“ I have heard many wonderful family stories over the years and although I was not there to experience many of them myself, I too have wonderful memories of you thru your children and the times we spent together as a family.
You are where you want to be now, with your loving wife, for all eternity.
I am honored to have known you and loved you.

“ Judy and Family,
Dealer Dan with the Dancing Dogs, Your father was a classic, He is a part of my fondest childhood memories. I feel so honored to have known and loved him.
Your memories and love for him will carry on, I will never forget him.

“ Pop Pop, I am grateful for all the experiences & memories I had with you while working at your store. All the stories that were made into memories. You were always the center of all the jokes. Making everyone laugh. I still laugh when talking about you pouring hot coffee over Uncle Richard's head and driving away with the big dumpster attached to your van. Thanks for the memories and for the people I have met because of you.

“ Our thoughts and prayers are with the Haney family.
It is obvious that Mr. Haney is loved tremendously since his name sake has gone on for generations. I am sure he will be missed daily but his name sakes will live on eternally.

“ Pop-Pop... So many things to say, but not enough room or time to say them all. From watching you develop film in the basement of "D" St, listening to you play the organ, to holidays' with the whole family, to working at your store one summer to make extra money for my vacation. You and Mom-Mom made everyday, every holiday special. I will never forget the special times you made not only for me, but the entire family. I am proud to be named Daniel, after your father who died way too young for most of the family to remember, after you who made special times for us all, and my father who provided for us and continued the name with me. It's not many families who can say they have kept a name going for as long as we have. With my son Daniel V, and his son Daniel VI, I hope to get to live as long as you did to see the name Daniel Joseph Haney go on for years to come. You will be missed by all, but I/we all know you are in a better place now, with Mom-Mom who loved you more than life itself. May God Bless you & her for all eternity. Love, Danny IV, Donna Danny V, Brian, Bonnie, & Danny VI
