“ *It's been a few weeks now and I think of Deborah and her family often. From the first day I came into Impact for my interview, I felt as though Deborah took me under her wing. As others have said, she always made you laugh and I will miss her vibrant zest for life and her love for her animals and for her family. I already miss our weekly email chats. Love you Debs. God bless you and your loved ones.*

“ *John & Frank, It was a true shock to Lori & I to hear of Deborah's passing. She was a true spirit who was always so cheerful no matter what the circumstances. I truly enjoyed working with her over the years on the different ads & locations that you have partaken in. She was always willing to listen to any proposal and/or new advertising idea that I came into the office with. I know I will sorely miss her.*

“ From my first day at Impact to the last e-mail from Deborah just a few weeks ago she always made me laugh. She was the kindest, funniest person I've ever known. Deborah kept her family close, and of course, her shoes close also!
I miss her so much already! I see her smiling face and I only have happy memories to remember. I'll miss meeting for dinner every few months and her funny weekly e-mails.
My heart goes out to her entire family. She's in a happy place, we just have to remember that.

“ Deborah had a gift. She had a way about her that brought joy to a room she entered. I will miss everything about her. The crazy dreams she had about me, her adventures of her animals escaping and her stories about her family which she always ended with I love my son, husband, sister, mom/dad. Deborah loved and she expressed it and showed it in every way. The memories of so many things we have shared will never be forgotten. Deborah (Debs) it was an honor to call you my friend. Love, Gina (Giner)

“ *Deborah was an amazing one of a kind woman. A woman who I always felt could do it all... and did it all! I will never forget all the times I felt she looked out for me or the times I would run into her at the Post Office or The Bank and she would have me in stitches I was laughing so hard. She had a very unique way of telling a story and it never matter what mood I was in when I saw her I would have an instant smile on my face! She will be missed and I hope that knowing how many lives she brighten up will help you through this difficult time. We will keep you in our thoughts and prayers.*

“ *One night I dreamed I was walking along the beach with the Lord. Many scenes from my life flashed across the sky. In each scene I noticed footprints in the sand. Sometimes there were two sets of footprints, other times there were one set of footprints. This bothered me because I noticed that during the low periods of my life, when I was suffering from anguish, sorrow or defeat, I could see only one set of footprints. So I said to the Lord, “You promised me Lord, that if I followed you, you would walk with me always. But I have noticed that during the most trying period of my life there have only been one set of footprints in the sand. Why, when I needed you most, you have not been there for me?” The Lord replied, “The times when you have seen only one set of footprints in the sand, is when I carried you.”*
