“ *My thoughts and prayers are with you Gus and your whole family. I often talk about you and Dolly and how much fun we had on Schollcrest Ave.. Always laughing with my Mom and Dad, especially when my twins were born. She was one of a kind and always there for anyone that needed help. I know she took a few of my secrets with her! May she Rest In Peace.*

“ *Gussie and family...Words cannot express how I feel. I look back at my formative years and remember how close we were. All the things we did. How involved with my grandparents Dolly was..taking them to work in Philly when she worked at the toy company. Be i ng there when my grandmother became ill. My Mom there when Dolly cut her wrist,etc... your family has endured so much. Dolly, now, is at peace. She is in the hands of God. May the many many memories give you peace, give you and remind you of her live, give you strength throughout your lifetime. You have a wonderful guardian angel watching over over.*
