“ *Marnie & family,*
I have many good memories of seeing your grandmother in the halls of FSS -- always smiling and making sure to stop and talk. The pictures in the video tribute helped paint a beautiful portrayal of a woman who was obviously so full of love, warmth and life. I am so sorry for the grief that you are all feeling right now. I would look forward to hearing you share more memories of her life with me.
Wishing you much love, peace, and comfort in your memories.

“ *Margaret,*
I'm sorry I never got to write in here before. I just want you to know again how very sorry I am about your Mom. It was such a shock. I talk to her a lot and tell her how very sorry I am that I wasn't there for her or you when I should have been. Anytime, you want to talk please call me. I miss you and her deeply. She was a special friend to me as I hope you know you are too.

“ Marnie, I was so saddened when you called about your grandmother. I know how close you two were. When she and I would talk, she would always say that she always had a special place in her heart for you. Find comfort in the fact that she's now in heaven and free of being sick. She'll be with you forever in your heart and watching over and protecting you. Call me anytime should you ever need a shoulder to cry on or just to talk. I'm here for you.
Love, Lisa

“ Margaret, Maria & Marnie: Our deepest sympathy to you and your family. Elma was one special lady that I am so glad to have known. Raising our girls together with her was always so much fun. She always treated them like her own. Although we really didn't see much of each other since the girls have all grown up, just knowing you all were there made me feel good. We will truly miss her, especially at Halloween when she would sit outside with her candle in the pumpkin to give the treats to the little ones. Stay strong, as I know your Mom and Grandmom would want you to do. Rest in Peace "Grams" The Patrizio Family

“ To Margaret & Matt: My 1st job in the real world was working with your mother at Whiting Patterson in Phila @1970. She oriented me to the working world & life in general. When I left to pursue a career in nursing she was nothing but supportive & encouraging. We kept in touch for many yrs with xmas cards but then lost touch. Please accept my sincere sympathy in your mother's passing, Pat

“ *Marnie and Maria,
Needless to say, I did not know your grandma as well as I know your mom. If the old saying is true about the apple not falling far from the tree, then I am sure that she was a remarkable woman and I am sorry that I did not have the opportunity to get to know her better.
Please take the best of care of your mom at this time. I have worked with lots of people who are just as devoted to their jobs, but very few of them seem as equally devoted to their families. I know that she is as concerned for you at this time as you are for her, but my sense is that she has lost a very important part of her life and I know how fortunate she is to have the two of you around.
Please accept my sincerest condolences and thoughts at this time.
