“ Grandmom you will be missed. I remember when we were younger we would always come to your job on Delsea and you would let us scan our hands on the copy machine because we were so fascinated with how it looked and printed so many copies and we always come over for the holidays. You were so loving and selfless. Always had a smile on your face regardless of what you were going through. Thank you for for everything you’ve done and say hi to mom for me. R.I.P. beautiful angel, we love you

“ *Florence, You were so much more than a sister-in-law to both Ed and I. You were a teacher, showing us how to live with loss while remaining kind and loving. We learned so much about staying warm and giving no matter what life may throw at you. We want to thank you for all the wonderful memories we have of the many, many years when all the children were small. Our many visits to Georgetown Rd. and the delicious meals you would make for us no matter how busy you were with raising 5 children. We loved you and continue to love you. Your gentle demeanor is something we will never forget. So happy we got a chance to visit with you last summer and spoke to you on the phone this Christmas. Till we meet again dear sister-in-law, All our love, Natalie and Ed*

“ *Mother I will miss everything about you. Your beautiful smile, your caring tenderness, the way you touched people lives. Including mine. You've been my rock and strength thru some of my toughest times and you never complained. When we got the news nearly 3 years that you had Lung Cancer bot even then did you shed a tear. When your cancer grew an spread no tears. You always tried to comfort me when I should have been comforting you. I'm glad I seen you thru those nasty treatments. I would not have missed those days and times for anything. Our bond only grew. Your my hero mom. Now I will pick up where your legency ended. Spread those wings mother and I will see you again.*
I love you forever
