“ Frankie, my loving brother. I know you were with us Monday night when you loved ones came together to show our love for you and honor and celebrate you. We shed some tears together, we have all shed them alone but wanted to focus on your laughter and smile, all the funny stories, things you taught us, celebrate your achievements, we had a beautiful singer to honor you and I know the love of God filled that room. We gave out Free Shavacados and one of your favorite candies. Eileen set up your picture board and some people added or took pics home with them. I know I will see you again but until then I know you are with God and with Emilio and Jay and all your friends. I will miss you every day and I love you so much. My life will never be the same. Your devoted sister, Jenn
