“ *Your 28th birthday is in 2 days, my 28th is in 19 days. Its almost midnight on the last day of February. Keep guiding your loved ones. I connected with your Mom through all of this. Thank you for that also. I will never be able to thank you for what you did for me over a decade ago. And I will never forget you. You and your brother guide your parents and sister. It's not fair, you know, and I still don't understand why but I guess I never will. All I know is that I love you and I'll always miss you. The tears never stop
