“ I have known Helen for many years , I'm going to miss her . When I first met Helen I lived down the street . I witnessed TJ and Preston grow into fine young men . I spent a lot of time with her whole family . Was invited to all the family functions and this made me part of the White family . When you are a true friend of Helens you feel the family wrap their arms around you inviting you to be part of their lives . It brings me great joy to have witnessed Johnny grow and to have been part of this family . Im as shocked as everyone else that this happened so fast , but Helen isn't suffering anymore . Love you my friend , see you on the other side
