“ *Jim played football with Homer. He often spoke fondly of those days. Jim NEVER thought that I (Ruby)should be a Fire Commissioner! He thought that I should be at home, taking care of Homer. BUT he always respected me as Commissioner and I believe we became friends.*

“ *People come into your life for a reason, a season or a lifetime. Some people come into our life and quickly go, some become friends and stay awhile leaving beautiful footprints on our hearts and we are never quite the same because we have found a good friend. Jim was the kind of man who left his footprints where ever he went... He was such a sweetheart, his memory will live on forever in my heart..*

A few of the pictures in the tribute brought back lots of memories for me...up the mountains, Christmas morning, sleeping in the chair. I have many memories that I have always cherished.

As Jim is laid to rest, remember he always put his family first, he loved all of you so very much. Always remember the good times as he would want you to.

Love always Karen
