“ Jamie was my sister-in-law. I am sad that my time with her was so short. She always checked in with me and made me feel like she cared from the first day I met her. Knowing her was to love her. She was hilarious and so much fun to be around. I'll remember her fantastic sarcasm, her amazing cooking skills and her bright smile. Her nephews loved her and we will all truly miss her. Love you always!

“ Jamie understood when her patients were reluctant to have anything done to their teeth for fear of pain or any discomfort. She not only understood, she sympathized and knew exactly how to make a patient comfortable and secure in her dental chair. I am grateful she was my dentist and for all her understanding, compassion and humor. I will miss her friendliness and her professional expertise. My heart goes out to her family and the office staff that worked with her. God bless and may your memories of Jamie help you through this difficult time. Elizabeth Chipman

Jamie was a caring person. She was my dentist for years and I always looked forward to my visits. Not many can say that about a dental visit. I am shocked and deeply saddened by Jamie's passing. My deepest condolences to her family and all who knew this beautiful young woman.

“ Many/most of you wouldn't know me - my name is James “Jamie” Hendy and I was lucky enough to have known Jamie through my best bud nick, she came to visit me in Arizona for the 2005 giants/patriots Super Bowl, also came to my other best friends wedding yrs later, but skipping that she was one of the coolest girls I have ever met! I shall continue her legacy of calling the eagles the “ E Girls” when they aren't so good, I had lost touch with Jamie yrs ago, and to hear this today I am mortally wounded, the world has lost a truly great soul. Even though we haven't connected in years and perhaps may not have, I am deeply saddened by her passing - I will miss you Jamie, and the heck with the RIP term, for you I say Reign in Heaven cause I know you will

“ She pulled onto the scene of UMDNJ in an orange mustang-she had that eternal beach girl glow. We sat next to each other in preclinic for 2 years she would know which professors we should get our preps checked off-and who we should avoid. She kept me laughing and wrote me cards to help me get thru the toughest days of our lives. We would share our worries when our loved ones would be sick and we would have to sit there and pretend like nothing was happening in our personal lives. We spent many hours cramming and studying hours upon hours of academic courses in her apartment. I would be fortunate enough to go to the same residency program and we would later work together and try and purchase a practice together(the later didn't happen)
Thru it all we remained good friends and she would do anything for all-
She will always be the gold standard in caring for cats-Solly was her baby. I pray that she is on a beach somewhere sharing in the best friendships.

“ I was profoundly sad to hear of Dr. Richman's passing. Not only was she a talented dentist but she was a vibrant, beautiful and graceful person. She made going to the dentist fun. We always looked forward to our chats with her about the latest sports news. My son used to sing Beatles songs to her in the office and she always made him feel special. The world has lost a star, taken way too young. My thoughts are with everyone in her office, as well as her family.
