“ Mommy, not a day goes by that i do not think of you, it took a long time for me to come to reality that you were really gone, because you were still in my dreams, my heart and soul, and i could feel you here with me. I miss you so much, you were not only my mother, you were my best friend. you taught me everything, you taught me how to stay strong. I still miss laying with you cuddled up reading books together. I love you mommy, buddies til the end

“ I am so sad to hear of Janet's passing. I met Janet when we were both in Cooper hospital in Camden in April 2003. we kept in touch for a litte while after that then I moved and we lost touch. She was so sweet and kind to me and I will always remember her for that. Janet, watch Heaven's gate for me when my time comes.....

“ "Mommy...I Love you until space ends...and space never ends."
~I guess it was either in school or on some PBS program where I learned about outer space being infinite with no definite end...Well one day I thought to tell my mother the above words and I never stopped telling her this...This is something I always told my mother through the years as a child growing up and it always made her smile :)
