“ Loretta Susie and I send our condolences to yu and your family. We were both saddened to hear of John's passing. At the same time I recalled many humerous comments John made over the years at PECO. His understated manner and ability to go right to the heart of the matter at hand will always remain with me. These memories brought a smile to my face.

Sadly, we had our own encounter with cancer several years ago and can understand the impact on a family. The strength of family is so important.

We wish you and your family well. God bless you all.

“ Dear Mrs. Ford and Family, John was my boss at PECO Energy when he was manager of the Combustion Turbine Division. We shared a common interest in sailing and he joined me one day in Ocean City to sail my catamaran. It wasn't my best day at boat handling and we flipped over in the surf, damaging the boat and ending our sailing day. John, knowing I was embarrassed, took things in stride and said all the right things to mend my bruised ego. He was a boss who always encouraged and listened to those who reported to him. I am very sorry to learn of his passing.

“ So many memories. Dudley Street New Year's Eve parties, Bartram Avenue bbq's, summer evenings at the shore with Jack's london broil, Thanksgiving dinners with Jack's thoughtful toasts. Those were the days. My condolences to Loretta, John, Eric and Laura.

“ Jack was a kind, intelligent, compassionate man. Over the years I learned many things from Jack during our conversations. He fought a long and hard battle and may he rest in peace.

“ Jack, you will always be in my heart and in the hearts of all the Dudley St. gang. So many wonderful, silly, crazy memories, Christmas Days, Birthdays, all the holidays we all spent together in the good old days. But most of all, the fun we had at Bartram Ave. with Big Lou and Lucy and all the aunts and uncles. Jack, you were always my second favorite Irish guy. PS: I know you are in heaven so please put in a good word for me. As you always said, I'll need it.

“ I always greatly enjoyed being around Jack. We shared several common bonds: Irish blood(and the sense of humor that goes with it), St Tommy More graduates, children of large families, the appreciation of a cool drink (preferably a Bellini) on a hot summer day. I guess that's why we got along so well.

Jack loved a stimulating conversation, whether he agreed with you or not(in my case he usually didn't). We always laughed a lot when we were together.

I regret that I didn't see much of Jack in recent years. I will miss him immensely and always think of him with love ,and a smile as well.

My condolences to Loretta, Laura, John and Eric.

Goodbye Jack. You fought the good fight.

“ Dear Mrs. Ford : I wish to send my sincerest condolences to you and your family. I worked a little bit with Jack at Sunoco. I too have leukemia (AML) and me and Jack talked a couple of times about our treatments. After knowing what he went through - I honestly believe he is in a much better place free from pain and suffering. May god Bless you and your family.

“ Loretta and Family,
I cannot even begin to express my sadness. Jack was a wonderful man. Jack could not have been a kinder and more understanding boss. He was always fair to everyone. He will be sorely missed by everyone. We all know Jack will be in a better place now without pain but he has left much sadness behind. I wish you all the strength to get through this terrible time.
Much Love, Winnie

“ *Dear Loretta and Family:
Eddie and I want to express our deepest sadness over the loss of
your dear husband. He was a great guy. I loved talking with him. I
had a funny feeling when I drove by your SIC home a couple days
ago that something happened. I said to Ed that I hope Gerry is
okay....Little did I know. We know Gerry was very sick for awhile.
Please try to be strong Loretta. If you ever need Ed or I we moved

“ Jack and I first met the summer of 1969 at Cromby Generating Station in Phoenixville, PA. The world was so much different back then. We were actually doing boiler test using oil as fuel because oil was cheaper than coal at the time. Throughout the years Jack and I passed each other in our travels around PECO. I always liked and respected Jack. I will always be appreciative of Jack for giving me the opportunity to come over to Power Engineering. My early days here were interesting because we were all in one trailer. You knew what everyone else was doing and there were always the comments going back and forth. And there were plenty. Our Friday lunches were always at the Colonial Café. Jack really liked that dive for whatever reason. I will miss Jack. I know he is in a better place now and out of pain. I am sorry for the family's lose. Peace be with you.

“ Jack will be greatly missed by me & all here at Sunoco Eagle Point. Jack is the reason why I'm here @ Eagle Point. He mentioned to his neighbor and my daughter's in-law's, the Price Family, that he was looking for a "temp" to fill a position for only 6 months and here I am 7 years later. I'll always remember our initial meeting for lunch on an icy February 2000 day at Charlie Brown's where he said he "just wanted to check me out to be sure I was a right fit for the job". God Bless your family Jack and give them the peace of mind to know that God has a plan to put you in charge of getting all of His "projects" completed on budget and on time in the employ of our Heavenly Father's Kingdom. Sincerely w/love Pat Ognissanti
