“ *My memory of john was going to Long beach island when we were children and body surfing. Another time, when we were 11 or 12 he brought his 45 of Let it Be over and we listened to music. Later we played with rockets! : )*  
*What I remember most was him was unexpectedly showing up when my mother was moving to lend a hand. I send my very best to the family.*

*Cousin John Richards Pat's son (flynn)*

*It's been a minute since I saw you guys, but I do remember a happy couple. Peace and Love to you and your family.*

“ *My greatest memory of John was his hearty laugh and his sense of humor. Will also never forget the many camping weekends when John was a kid.*
