“ *I know that there's nothing anyone can do to take away the pain of losing John, but just know that our family is grieving along side your family as much as is possible over the distance. We are praying for all of you.*

John and I were best friends growing up, but since we lived so far apart we hadn't talked for nearly 27 years. We were both busy with our own families and I thought that eventually in our old age we would have the time to get together again and catch up. That won't happen. Don't wait. Do it now. We never know how much longer we have.

“ dad, this still isn't hitting me. i don't want to accept that you're gone. i never thought that i would lose a parent. it all feels so surreal. i just want my dad back. mom, crystal, me & trin miss you. remember trin telling you that you were like a dad to her & it made you cry? you were a really good pop pop to her & a really good dad to me and crystal. i know growing up i wasn't always a perfect little angel for you & mom, i'm sorry for that. i want you to know that i appreciate everything you & mom did for me. you did a good job of raising me & crystal, we love you so much for it. it makes me upset that you won't be able to meet my son. when i found out it was a boy i was so excited to tell you. i knew you and him would be close. i know you'll still be with him. your watching over all of us right now & we'll see you again someday. until then watch over all of us dad, i know you'll be with us always even though we can't see you. you're gone but you'll NEVER be forgotten. ps. this years gonna be the year for the eagles dad

“ *Dad, I'm having a really hard time with this and understanding why..It feels so fake to me like I'm just having a terrible dream and I'm going to wake up any minute now, only this isn't a bad dream and you're really gone....*
You're not going to be here to walk me and jacklyn down the aisle on our wedding days, you're not going to be here when trinity graduates high school or when the new baby is born but I know you WILL be with us, to watch over us and to protect us. You're our angel now Dad, we love you and miss you but you may be gone but you will never be forgotten
~~~~John Murray Sneddon~~~~ June 7, 1962 - May 26, 2011
If thoughts could make a pathway, and memories a lane I'd walk right up to heaven, and bring you home again
