“ *Dear Ellie, Our sincerest sympathy to you on the loss of your husband John. He truly was a wonderful man who thought the world of you. You now have an angel in heaven watching over you, much the same as you watched over him while he was here with you. We will miss his sense of humor when we were in his company, but at least you now know he isn't suffering any more and he is in a better place. Take care and God Bless.*
