“ Joe- You were a great dude! I used to look up to you as if you were my older brother. I have so many awesome memories with you. I used to always want to hunt near you because I knew we would get down from our stands and the hot topic was where are we going for lunch. Your record will be hard to beat for the biggest buck. Weekend after weekend you used to pick me up and take me down the shore out on the waverunner, thought I was so cool cruising around on that thing. I remember always bugging the shit out of you to play with me when I was younger while watching the football games at buzz's house. You are surely going to be missed by alot of people. You would have done anything for anyone. Thanks for all the great memories Joe!

“ 13 yr. old all stars. Our team was struggling for a victory in the last inning. I was in right field. A routine ground ball went through my legs and the opposing team won on my error. Man was I upset. Joey sat next to me in the dugout as I cried because I just lost the game for us. Joe said, "Dude, it's not your fault, it's mine. I booted 3 balls today." I'll never forget that.

“ I knew Joey for about 30 years and he was a great friend. His family became a part of my family after all the years and they were great to me. We had some many memories playing ball behind his house at Burke Ave, little league, high school and we loved just hanging out with his family at his house. We just had so many good times together with all our friends and I know we are all going to miss him!!

“ Joe I can never forget playing basketball everyday after school against Roy. The friendship brackets were big then and you wanted to get them together which we did.
I remember getting a new game system and your dog Sam ate it when I brought it over. What were we going to do.
You are a wonderful person and cousin. Please look down on us because we all love you.
