“ This is hitting me so hard and I feel like so much of me is missing. I wish I got to see you one more time. My favorite memories will always be doing the titanic with you in school. Your teacher wanted you to be Jack and you wouldn't do it unless I could. And the prom night we had. And years later the convos we had texting and the weekend in Delaware. But time played tricks and we wanted to meet up again not too long ago but things always came up. I hope you are in a better place. I miss you already.
