“ *Dear George, Eric and family, My heart goes out to you during this time of sorrow. We are never ready for the moment, when God's angels come to lead our loved ones home to His presence. I remember so well, when I first met Peggy, George and other family members in Deptford, summer 1986. My parents were visiting me in Florida from Finland. George and my dad were first cousins and it was very important for my dad to meet his USA relatives. I will always cherish that trip. Generous hospitality, lots of talking, laughter, translating and meeting new people. That's how my friendship with Peggy, George and their family started. I would call Peggy many times and we talked about everything. She always sounded so cheerful and excited to hear my voice. I sure will miss that. She will have a special place in my heart. Dear family may the Lord bless and comfort you. Love always! Sanna, Matti, Henry and Tina .*
