“ Ed Kendall: I went thru school with Dot & had a big crush on her in 8th grade. I am the guy pictured next to her in the yearbook, always thought we looked good.

She was such a lovely person, pretty, friendly, someone you wanted to be around,

My wife & I were at one of the last few reunions were we all got together. We stopped at the bakery on Sunday before heading back to Maryland just to see Dot but she wasn't working.

Her death was a big shock, she will surely be missed!

My sincere condolence to her family---she had to be a great mom!

“ With a heavy heart I send my condolences to the Goetz family and extended relatives. I had the pleasure of of flying for first time to meet her about 20 years ago when my girlfriend asked me if I'd like to meet the rest of her family back east. I was in love with that girl and would follow her anywhere so I swallowed my fear and got on that plane, what I met was more than could of imagined. Dot and the rest of the family made me feel so at ease and welcomed that I realized if I married this girl I would have no problem getting on a plane again to visit. Thank you Dot for all the memories and making the effort to be there for us and include us from 2,359 miles (to be exact) away , I love you and will miss your light.

“ Grandmom,
You will always be the true meaning of what Family is about. No matter what I had going on with my life, you always asked how I was and what I was up to. I used to love when you would come home from working at Pisker's bakery, with a bunch of cupcakes for us on Thursday nights, family night at your house. Or when we would come into the bakery just to say hi to you, you always let us take a cupcake home!! You always enjoyed spending christmas with us, asking what the kids were up to and what next adventure they were involved in with school. When I needed someone to talk to, you always gave a shoulder to lean on and an ear to vent. Typing this is by far, one of the hardest things but I know you are up there smiling down on all of us and will always be a consent angel over us. Love you Grandmom!

“ We love you Grammy and we will miss you so much its sad to see you go so soon and it sucks we can't share more memories in our life time. You shared so much memories when mom mom threw those Christmas parties and you made us laugh. You took care of us and you sat there and bought us things when you didn't have to. Rusty will be waiting for you so you guys can play fetch together in a good spot! We love you so much Love you lots Casey and Collin
