“ So many days and so many nights we shared for over 20 yrs,so many parties ,so many outings,so many things we shared over your house with our own happy hours , but my favorite memories of you is all the fun times we shared at work, from singing under the boardwalk to stuck in the middle with you, but the best is our let it Snow.and last but not least cooking regular food in the sizzle oven . You always knew what I was going to say before I ever said it , use to tease you about we had telekinetic powers from one side to the other.later in years we still talk till it ran thru time into running into each other at stores , but we understood why ,we were family ,and each of us were taking care our own. But the emptiness I feel now ,knowing you are not here ,,I always knew if I needed you , you would be there , . So now words cannot express what I am feeling inside.You my Louie were and still be forever in my the pieces of my heart I have left , for you lived up too be called a true friend.❤️

“ I worked many years with Marylou, and I can say she was a genuine, loving, and caring woman. We had many memories together while working, but my fondest memories would be outside of work. Casino trips, happy hours, and events; she brought light and energy wherever she went. I can still hear her laugh. She will be missed; may she rest in peace. Praying for healing for her family.
