“ *To Monna's family: I taught with her at Hillside Jr. High. I remember her as a dynamic teacher especially with computers when they were first entering the lives of teachers and students. May she rest in peace. Ann Yuscavage*

“ *So sad to think my good friend and colleague is no longer with us. She always brought great ideas to our computer class meetings and conferences. I was just looking for her on facebook when I found this and wanted to tell you how much I will miss her.*
