“ *Family*
I am so sorry for your loss. Diana has relayed many fond memories of Mom during the years. So, I know she was loved and will surely be missed.
But in remembrance, think about the affect that she had on your lives - I'm sure it will bring a smile to your faces. How would things have been if she hadn't been in them?
May it ese the pain in your hearts to know that you will see her again.

“ *My sincere sympathy to Gene and his family for the loss of a great person. I have many happy memories of spending time with Gene and Pat at their home when I was young. Pat was always a happy, upbeat person with a "great" smile.*
