“ Many of Pauls Sigma Pi brothers just heard the sad news yesterday and we are devastated, we feel very lucky that we saw him almost two years ago in West Virginia. Ric was truly a great freind and although I do not remember much of our college shenanigans, I vividly recall (and it stays etched in my mind) memories of Ric coming out of his room in the morning (in his robe) asking for a stoge. Or the time we put on "wreck ricos ride" as part of a fund raiser where we allowed other college students the opportunity of hitting his car with a sledgehammer for a \$1 a shot (at least I think it was a buck). I also remember that he came down to Texas in 1986 to attend my wedding, what a true freind. I am sure that others can regale us with more stories of Rico...

He always had a big heart and was very warm to all of his freinds, I feel lucky to have known him and will remember him forever. I only have one picture that is legible after so many years and have attached below, I think Pole may be able to share some more?

“ *Paul and I were classmates at Salem College in the 1970's. He was a Sigma Pi Fraternity brother, and I was a Sigma Pi Little Sister. He was a friend to all and an all around super guy. Please accept my heartfelt condolences to Paul's family, friends and all who loved him.*

“ *So shocked to hear about Paul's passing. We grew up together and had plenty of good times in Boy Scouts with most of us making the prestigious rank of Eagle Scout. We talked about going for some motorcycle rides this summer that I will now do in his memory. This is yet another example of how life is too short. Another good person taken too early.*
