“ To all Paula's family, may the peace beyond all understanding be with you all. Paula was such a true freind and great heart felt person since I met her when we were young and even used to shoot pool on leagues with her.

I can vouch for her expertise, our league was fun and we were sharks in the day. Many good memories. My husband and brother building her home when she ordered a house package that they built for her on the lot she purchased. So so many memories to write them all. We could always call each other for whatever need and be there for each other. She's in a great place now with our maker, I'm sure embarking on the rest of her eternal life with her infectious smile and personality.

He knew every hair on our heads before we were born and knew the day He was gonna call Paula home.

We will all be together again one day.

Now Jesus is working with them all providing those mansions and preparing a place for each of us as he promused he would. Hugs to you all, remember all her great qualities and be thankful we had the opportunity to be part of her life up to now.

Hugs Paula and to her family,

Your dear freind Faith
