“ *She was she was more like my sister than my niece. We were both small children when my sister myrtle, who was her mother, died. Think about all the nutty things we did together,as children and adults, and that makes me laugh. I love you so much and will miss you every day.*

“Peggy Ann is my favorite cousin! She was always so much fun, full of life and completely crazy! Whenever we had the chance to get together, we would laugh the whole time. When I was 13, I would get so excited when my mother and father would tell me we were going to see Peggy Ann and her husband Ed and at their house in Gloucester New Jersey. We had a decorative bugle hanging on the wall of the house, which, by the way, is the house our grandparents bought and where she lived for a while after her mother died when she was five years old. Whenever she was here she would open the front door and blow the Bugle. The neighbors all knew where the noise was coming from and who it was. Luckily they thought it was funny. She was the kindest, sweetest soul who would do anything she could to help somebody. I didn't get a chance to see her too much in recent years because of the Covid issue but we spoke when we could. When I couldn't go see her, I thought about her every day. She will be sorely missed. I love you my cousin!
