“ Dear Phil, In this crazy, fast moving world along comes a person with an easy manner, a quick smile and an infectious laugh to remind us all how wonderful life can be. You had a way of bringing a little magic to our everyday world. God gave you the gift of laughter Phil. Thanks for sharing that gift so generously. Can't think about you without smiling. Thank you for the memories. God Bless You! Love, Thom & Eileen

“ It's been 4 months since you passed Dad. I can't even begin to tell you how much I miss you. It took me this long to actually write my feelings down! You were the VERY BEST Dad any daughter could have ever asked for! I miss your smile, laugh, sense of humor, jokes, our breakfast's together and most of all, the love you gave me all through my life. I could always count on you to be there for me and the girls! I will NEVER forget your loving ways! Alisa and Lauren got the most wonderful grandfather that life could have ever given them. And Mommy was blessed to have had you as a husband for the 50 years you were together! I am trying really hard to fill your shoes and take care of her the way you would want me to. I hope you are looking down from above and see the bond that has grown between me and mommy! You would be proud of her! She is stronger than I could ever imagine! Watch over all of us Dad and keep us safe & strong! Love & Miss You With All My Heart! Love, Gail

“ The time that I had the honor of knowing you, was way too short. But the memories of our Sunday breakfasts, your war stories and your wonderful grin will be with me for a lifetime. I so loved hearing the stories of how Gail was your shadow when she was younger, and all the many great family stories you shared with me. Thanks so so much for our last Dad's Day Sunday, it meant more to me than anyone could ever know. You had no greater love than that for your family. Thank you so much for allowing me the pleasure of feeling a part of your family and for being my other dad, during a time in my life when I needed you the most. You touched my heart and will be a part of it always.
I will love and miss you forever, Elaine

“ No words could ever explain how much I miss my Pop. He meant more to me than anyone could ever know. He was a fun, goofy, and caring grandfather. He was always happy and had a smile on his face. He did more for me and my family than anyone ever could. No man has ever taken so much pride in being a grandfather. His family was his life! I will miss our breakfast and lunch dates the most. My Pop is my hero and my inspiration.
Pop, I love you and miss you dearly. You will live on in my heart forever. I hope I make you proud. Love forever and always, Lauren

“ My grandfather was a great guy who was loved by EVERYBODY. He had a great sense of humor, always was smiling, and told the best war stories from when he fought in Korea. My favorite was the one with the guy in the brown suit. I loved my grandfather dearly and was lucky to be as close with him as I was. He use to take care of Lauren and I when we were sick, he use to let us get away with murder when we were kids, and over all he was just a really fun guy. I will miss going to breakfast with him and spending holidays with him and my grandmom. What hurts me the most is he will never get to see me get married and have children. Life is not going to be the same without him and I am going to miss him so much. RIP Pop, your memory will forever live in my heart. I love you.

“ I didn't get to know Phil for very long, but in the time that I did...he was absolutely awesome. I never saw him without a smile on his face and you could see clearly how much he loved his wife, his children and his grandchildren. Gail would tell me many stories about her Daddy and they were all so happy and joyous..she really misses him.

I would always laugh at Phils stories of his time in the Army when he was assigned to Korea and his time spent in Japan. He cherised his service to his country.

I made a promise to you Phil....and I will follow through with it...Love you forever.
