“ *Uncle Ray was special to me. He was not my real uncle but rather a very close family friend. He and Betty were Best Friends with my parents and they played cards, went dancing, to plays and traveled with them. He was a soft spoken man who always took time to speak with me. He loved ties and I would always look for quirky bow ties to get him for Christmas. He loved his wife, his church and his friends with all of his soul. My parents can now play Canasta in heaven with Betty and Ray, but I miss all 4 of them very deeply!!!*

“ *Uncle Ray was the most patient, kind and loving guy. I have lots of great memories with him: church, colonial diner, spaghetti and meatball dinners, quad riding, candy and of course CARDS!!! I know he is an angel in heaven and looking over us! I love you and miss you Uncle Ray!*
