“ We haven't seen each other since we were children, but you were never forgotten. How could I. I can still remember your Mom, G-Mom & my Mom saying that we looked like twins when we were little. We lost contact when you moved to Florida. So many years have past and now they are lost forever except for the memories. I hope you are at peace. All my love. Your cousin, Terry Ayres-Longeway

“ The hustle and bustle is over. We are left with time and allot of tears of all things we will never have a chance to do. I believe you will always watch over us and I know you loved the idea your mom came up with . You in your truck on your tow truck . I think it was the most fitting last ride for you . Protect us and my prayer is that I never stop feeling your arms holdind me up , tight , and full of love . I will make you proud and never disrespect your memory. June 13 th is 7 . This I will celebrate . June 1st will be very hard but I know you will be with me . I love you now and forever.
