“ To the Haubrich family,
I had the pleasure of knowing Bob working at the complex. He was a great friend and co-worker. We had plenty of fun times together going to Phillies games and to the Orioles games. We also had good times at the front desk and getting the lunch truck. I will miss him and my prayers are with his family.

“ I worked with Knute for several years at Nell Printing in South Philly. He was a great guy - fun to be around, always ready with a joke or smile, and always ready to lend a helping hand. I haven't seen Knute in a while, but never forgot him. My condolences to his family in their time of sorrow.

“ Newt, you have no idea how much I miss you. Since I left Philly our bond had grown stronger every day. I took you for granted and just assumed you would be ok. You never had any fear. We may have talked before every big Eagles, Flyers, and Phillies game and now there is a huge void. This past summer you helped me so much in my life and got me through some tough stuff. I can't except right now that I will never be able to talk to you again and it hurts so much that I never got to say goodbye. Your umbrella from when we went to Phillies game is still in the back of my car and I am so grateful to have it with me.

I will never forget our conversations or how we couldn't hang up during a good moment in a Philly sporting event because it would be bad luck. I will also never forget the game we went too and how you were able to give the foul ball to the little kid. It made you so happy. Remember how all day it was raining but it cleared up for the game. I know that was a blessing.

I will never forgot how after every phone call you ended it by saying god bless. God bless you Newt as you have made a lasting impact on my life and I will never forget you.

“ Everyone here at the Wells Fargo Center and Comcast Spectacor are deeply sadden by the loss of Knute. Our prayers are with you during this time.

As you stated Bobby loved the PEP Boys, and the PEP Boys loved him as well. They are very sadden by the loss, but they are staying strong.

Knute was a big part of our family here, especially within the Operations Deptartment. He was such a special person with an unbelievable outlook about life, and what is right & wrong.

We will miss him deeply but we know he is at peace and in a better place.

“ My brother was such a kind, caring, giving person. To know him was to love him!! He was such a character in so many ways. He always was making me laugh he had such a sense of humor. His job and his crew (The Pep Boys as he called them) meant the world to him!! Everytime we watch any phila. sports teams we will always think of him as he LOVED his sports!!! Knute you will be so, so, missed by all who were lucky enough to get to know you!!! Love you Knute!!! Always and forever in my heart!! Gone but never forgotten!! :(oxxxxoxoxo

“ Uncle Knute- I have such mixed feelings about your passing. You left us so soon but I know you are in a better place watching over us. I will never forget our time spent together, especially the past couple of months. I don't know how I'm going to watch another "big game" without thinking of you. It just doesn't seem fair that someone as warm and caring as you was taken from us, your family and closest friends. Your legacy will always be your tremendous fight and will to live and never ever give up. I will never ever forget "our talks." And when I think life is tough or I'm having a bad day I will try my best to remember your fight to the end and just what a real battle is. You will not be forgotten. I love you so much and yes we will always be "in the same circle"!!! Your niece- Jennifer
