“ My name is Nicole & on March 10th I was one of the cars fearfully driving through town, terrified of what my eyes might witness. I was leaving work & was just trying to get home to my family safely. In my heart, I believe it is because of this heroic & courageous officer that I was able to do that. Once I heard he had been injured, I tried my best to stay up to date with any updates that were released to the public. I really was rooting for his recovery with all my heart, & it deeply saddens me to hear this tragic outcome. I didn't know Officer Shisler personally, but I must say from the articles I've read... to say the absolute least, what a true blessing he was not only to his beloved family, but to this town. We may all be different in our own ways, but grief is one of the things we can all understand & feel. To his family, no amount of "I'm sorrys" will ever fill this void in your hearts, but I pray for your comfort & healing through this. To his parents, my deepest condolences to you both during this unimaginably dark time that you both face "head on", may the light shining from everyone your Son impacted bring you clarity that he is at peace & forever in your heart. & Thank you both... for raising a true HERO. Lastly, to officer Shisler, Thank you for your dedication to this town, Thank you for all the sacrifices you've made, & for putting your own precious life on the line in order to keep us all safe not only on that day, but every day! Thank you for the significant impact that you have made on my life.. even without me having the true privilege of knowing you.
