“ *Mom, We made it to Alaska, Just wish you were able to come. I know you wanted to. We Unpacked everything and it seems like you are in the house with us everyday. A moment don't go by I don't miss you and wish i could have you back even if it were for a moment. It almost don't seem real you are gone. sometimes i pick up the phone to call and relize there is no one to call. No one to tell what I am thinking. May you be resting in peace. May God be rejocing with your presence. Someday we will be together again. Miss you mom so much. Love you*

“*Dear John and Family When your heart is empty, filling it with happy memories can help you find a smile. It's hard to understand why people are taken from us. Find comfort in knowing you will not be alone. There are too many people who love you and your family. We will be there for you if you need us. We love you.  
Your cousins Angie and Jack*”

“ Dear Rose, Our dear cousin and friend. Everyone knows that you were a wonderful and caring wife and mother. You were always there for us when we needed you. We will always remember the good times when we were young. I will miss the long chats on the phone we had since we could not visit with each other. We prayed to God to help you to get better, but he had other plans for you. We know you do not have any pain now and that's a blessing. We will all miss you and keep you in our prayers and our hearts. We love you.

“ Uncle John and family, We will miss Aunt Rose. She was special lady who loved her family very much. I will never forget how she took my family under her wing and picked up where Delores left off. It brings some peace to know she is with her sister and her mom in heaven. If any of you ever need anything, please know we are here. Love you all. Lisa Bobby and boys.

“ I considered you more than just a godmother but more like a grandmother. I will truly miss you to the extent that is not able to be expressed. I will miss the cook in you with the wonderful smell of you sauce. You were also my weather person and would let me know of bad storms, and make sure we all made it home safely. You were also my traffic person to let me know to avoid certain roads. This is just a handful of little things you have done and I will miss greatly.

I will also miss our almost daily phone calls...and if I miss to speak to you a day or to the complaint of you didn't call me.

You have helped me grow up and when I created my own family you took them in and helped them grow. The boys will miss you being by there side when cutting there birthday cake. Michael misses his friday hot dog & pretzel lunch. Most of all we will miss the love that you extended to us each and every day. A little part of my heart vanished when you left us the other night... But your memories will always warm me over. I know you hated me calling you Nona, but that is what you were to me and I love you for it. Enjoy your coffee with Delores and my Yiayia. Until we meet again! Filakia Nona, I love you! M
