*It's been 4 yrs Stephen and I'm still so lost without you, Hank misses you although it only shows in his heart, we know he was never one to express his feelings except your conversations about the Eagles and Philly's, you were the only dad he knew and a good one, you taught and played every sport with him which is something that will always be with him, I guess you know by now Gismo has gone to a better place, he's been sick Stephen but I told him it's time for you to care for him, he looked for everyday you until his passing, he's finally found you ❤️ 🌈 but I'm now left without my 2 sidekicks, there will never be another you Stephen, you were one of a kind, it's been so hard getting through so much grief after you passed away, you also of course already know Katie, John and Kristina has also left us, but only for now, I'll never know how I got through all of this heartache without you, by the grace of God you are still getting me through, the words you taught me have helped immensely " the mind is so very fragile" I listen to these words everyday, I would not be here without these simple little words, who would have thought these words could save my sanity, you knew Stephen 💙 I miss you so very much 😭💔*

“ What are you doing going before me ? I'm a year older than you ... You just had to run on ahead !....That's. OK I can still beat you at Canasta ! Your gentle kind spirit will be missed in this world .It's people like you who make this world bearable. Your sense of humor was always visible right behind them Irish eyes. I never met an animal or child who didn't love you. Kids and animals know a loving soul when they see one...I often wondered what would happen if Dad should go to heaven before you. That's when Kathy was sent to you....and I never saw you happier.....She put an ear to ear smile on your face for sure.

*Kathy , Brien and I are so grateful for you . You gave him the best days of his life. You and Hank were an answer to prayer. I'm just sorry that you are left to pick up the pieces . May God give you strength to carry on and comfort you in the days to come.*

“ You were the Love of my life Stephen and I don't know how to go on without you, we were together every moment of the day and night, I'm not whole without you, I'm so lost, if you're reading this Stephen and most likely you are because you always loved reading I want you to know when it's my time I will also be cremated and my ashes will join yours in the same resting place so we will be as one again, I miss the way you would talk backwards and we'd laugh together, I miss your caring for me and always putting my needs first, I miss how you would put your shirt on backwards and tell me this shirt doesn't feel right, I miss us doing yard work together, you know when theirs love when we knew what each other was thinking, you were my strength when I was stressed and I was yours, we were a team and I will never love anyone the way I loved you, even though it took us year's to find one another faith brought us together, 21 yrs was a life time for me, our lifetime, I will move on only because I have to not because I want to, I held your hand when God was calling for you and you held it back, i told you it was okay and you closed your eyes and went to sleep, my heart is broke and will never mend, I Love You Stephen Patrick Land for eternity 💔🙏
