“Wow, so sad of hearing of his passing, Steve was definitely one of a kind I can say that. I LL never forget him or the many " exciting " days of my teenage years growing up in the Grove with him in my life, picking me up from shady Lane sch and MMS wen we dated, hanging at his house ,and Good ol Delsea Woods ,and the the endless nights of just sitting in his car talking til the sun came up. The good ol days with John Nelson & Jocab Maroz in his shadows. Many years would pass before I visited Steve and his mom, but it was nice, talked alot about the old times, I always felt so bad for that woman lol ,but me n him kept in touched for awhile after. We had a different kind of bond, the ones that are hard to explain..Even though Steve always expressed a smile and laughed at simple things though , he was "lost" in sooooo many different ways , sad, it really was .. but he definitely knew how to touch someone's heart in one way or the other and leave an ever lasting imprint of "something." His journey in life has come to an end but memories of him and memories made with him of all who knew him will last forever and I know everyone has many stories to tell (Laughing 😂) .. always some kind of adventure!
Rest In Peace Steve ❤️

“Steve was my little brothers best friend growing up and that made him...my little brother too. I can still hear his mom yelling “come on Paco!” At baseball games or soccer games. He was one of the most athletic people I had known as a kid. Every Atari game that ever came out and they always had the best cereal for the morning after a sleepover! Rest In Peace young man...

“ Steven “poco” as his mom and dad called him was one of my childhood best friends! Steven was an amazing athlete in every sport he played . I have never seen anyone as talented as he was in soccer and baseball, it was fun to watch ! We often enjoyed watching the Flyers together back in the day on prism !!! I often recall spending time fishing with him on Lake Ontario catching Northern Pike or down at Westville School catching catfish to bring back to his pool ! Helen always got mad when she saw all the fish we piled in that pool when she opened it in the summer! Although life sent us in very different directions, I will always remember the impact he had on my life ! God bless you Steve and I will see you on the other side!

“ Steve, you were such an important part of my childhood and teenage years. From being at your home or at the skating rink, where we practically lived. You will always had a piece of my heart.
