“ I am so happy that I had the opportunity to meet Theresa a few months ago when we all went to "Beauty and the Beast" for our "girls" outing. There are so many great memories from the short time I was with her that I can't imagine the loss you are experiencing. Please know that our thoughts remain with you all as you move forward without her. Much love, Heidi and Ken Schulz

“ My sincere sympathy to the family. Theresa was a beautiful lady inside and out. Always with a smile on her face. I met Theresa at the Thrift Shop and soon she became a dear friend. I visited the Thrift Shop just about every week, sometimes not buying anything, but cherishing the welcoming and loving hug from Theresa. I will miss her so much and I will treasure the memories of this precious lady and the love she had for her family.
With Love,

“ I feel so Blessed to have met Theresa...that was 8 years ago at the Thrift store...She became my friend...and I loved her dearly...I could talk to her about anything and everything,she would tell everyone I was her Stepdaughter. She was so helpful to me in so many ways..always giving me advice since my Mom was not in good health. She said you know my phone number right? I am a phone call away,, Theresa being the caring ,loving, generous person she was...she felt the need to be there for me. I always said to Theresa I admire you for you strength and courage and the woman you are. I learned so much from her. We laughed together.. cried together...she would just look at me and I knew what she was thinking. She liked to be the "Boss" at the Thrift store and she was good at it. She always hugged me ..told me told me she loved me. Theresa would say... Hows my Dollbaby.? .and the last time I saw her ...Saturday. she said to me...when you move..I am going to miss you....if she only knew how much I miss her... I have so many wonderful memories of Theresa. ..May you rest in Peace...I loved Theresa so much...Until we meet again I will always have you in my Heart ..and I will be waiting for that hug....

“ Dear Dan, Danny and Lisa,

Just glancing through all of those absolutely wonderful photos and all the memories you guys have shared with your wife and mother. I hope you guys can rely on and take comfort in that in times of sorrow to get you through. Everyone says time will help and it definitely does but you never forget. There are no words I can possibly say to ease your pain and sadness. Know that she is in a much better place and you will see her again.

With our deepest sympathy and love,

“ *My heart breaks for my Uncle Danny, Big Dan, Lisa and her children, and my cousins Dan and Nick. I have such fond memories of sitting at the shore with Theresa and our entire family. Theresa was so good to my grandmother Marge and adored her grandchildren to pieces. I'm so sorry for your loss. May her memories fill your heart at times of sadness and grief. Love, Gina D'Allessio*

“ We are saddened by the sudden passing of Theresa. Danny was like my weekend father as we met on the golf course back in the 80s. We had many great memories and such good times. Theresa was Dannys perfect mate, I could see how she enjoyed being with him and the look on her face when they were together, such a wonderful couple. We will miss Theresa and we hope and pray for peace and comfort for the Benevento family.

“ I'm so thankful to have spent the last 11 years getting to know such a wonderful woman. To say you meant the world to John and I would be an understatement. From our first conversation to our last only last week, you were genuine, kind, loving, funny, generous and always had a smile to give. "How are my babies doin'?!" You'd yell across the way. I will hold in my heart forever so many wonderful memories we shared together from our wedding to the birth of our children and so much more. It has been such a sad couple of days for all of us but again, I'm forever blessed to have known you at all.

Don't worry, I'll take care of John like you always reminded me to. :)

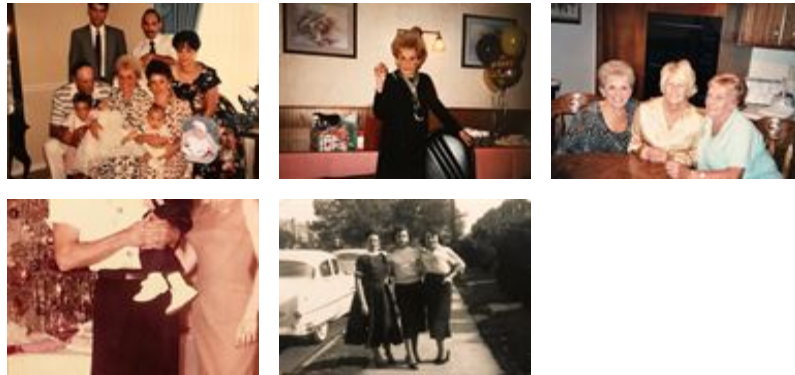

The only small comfort I have is that I know you are at peace and you will continue to protect us all. Until we meet again someday, friend.

“ *Theresa was a kind, loving and generous person. We have no doubt she will be greatly missed by all who knew her. She was my co-worker and my friend and I enjoyed working every minute with her. She was one of a kind and I consider myself lucky to have known her even if only for a short time. I loved her and I will miss her.*

“ I only known her for a few weeks when I started as a volunteer at the thrift store & she told Carolyn that I was a keeper & I said who me & she said yes me. So I've been there for almost three years now .I always looked forward to seeing her smiling face. I looked forward to working with her & Carolyn on Thursday & Friday I would always say she was the boss as she had a way about her & you did what she said . Most of the time she would just give you that look & say get into the other room & get back to work. or she would catch me eating a cookie & would say what are you on break again come on get back to work , at first I was not sure if she was serious & Carolyn would say she is only kidding & she was. She loved to pick on me & give me that serious look she had & I would smile as at her & say ok I'm going. WE all know she was the glue that held us together at the thrift store. She was a great & kind Lady & she took no crap from any one & told you like it was . When she got her new car I became her car girl as she got me to show her where all the little things were & how to get the air conditioner knob was windshield wipers on & off was how to unlock all the doors & the child proof window lock was . I know she rally loved her old car but that she would get use to the new one. I will miss her very much & remember all she tried to teach me about pricing things at the store she would say this is a thrift store not Sears There are so many things I will remember about her it would fill a book I know she will be watching us from her recliner in heaven . I will see her again when I get to Heaven some day.
