“ My mother was so good to me. 40 years ago when my father left us (David and I) my mother went from a house wife to work 3 jobs to support us and still had time to be a great mother. I love her and miss her. Even though we didn't have a lot she always made sure we had nice stuff, great Christmas's and birthdays. I don't know how she did it. Ever since Glenn, (her husband) died she never really was the same. It does comfort me to know she is now in heaven with Glenn. I'm so fortunate to have her as my mother. Rest In Peace Mom. I love you.

“ When I started in neurology Terry was the first patient I worked with to get her MS medication. I have always told people that I learned more about MS from her than any Dr. Over the years we created a friendship and a concern for each other. I am so happy to have known her and sadden by her death. I know she is happy again with Glen. I will miss our talks when she would come into the office and so sorry I won't see her again.
You all have my deepest sympathy.

“ I always liked Terrie's smile and laugh they were always so real . She was a very friendly person I could go on a couple of years of not seeing her but when I did it was like I just saw her that morning. She did a good job with her 2 boys for a woman on her own. They both turned out to be good men . I am so glad she found true love and was happy with Glenn she deserved that time in her life. Rest in peace Terrie . you will be missed.
Your sister inlaw Catherine.
