“*Ted was our neighbor for more than 30 years. He was a good man, enjoyed any conversation, and loved to play golf. He was a sweet soul who was very proud of Barb, Chris, and his other kids. He had nothing but kind words for all of us.*

We will remember him as the happy, active, fun person he was. Our thoughts and prayers are with those who knew him and loved him. All of us will miss him.

“ *Ted and I met at a business conference in the mid-1980s - we each tried to hustle the other on the pool table! We became business partners and close friends playing golf and pool. Ted was a great software developer and we complemented each other as partners which lead us into successful careers in our own companies. I have very fond memories of working and playing with him.*

“ *I had the HONOR of being part of Team Ted for a short period of time. What a blessing to have known him and his gentle soul, as well as his loving and caring family. Parkinson's is not a easy thing to watch your loved ones go through, I unfortunately know that all to well as my brother has Parkinson's. I see the determination in him as I did MrTed. His loving family showed me the determination , love and support is key to getting the entire family through this, thank you for your kindness and example to me. May God hold your family up through it all. Deepest sympathies Liz Rescinito*
