“ *I seen him trip and catch himself. He'd faltered but not fallen. He fixed the broken, Yet he didn't look at your flaws. He lived this earth as God would have called. As if God had his soul on a string. Yet he declared he had never found him; had not known the Lord. He respected earth and loved her warmth, Grew the fruits and vegetables he flourish from her dirt. Even enjoyed the fish and sea creatures her waters had birthed. Respected and taught respect of her., Was a friend to anyone he thought would be a friend and even a few castaways. He challenged me and questioned me. Showed me simplicity. He was battered by Loves lost, Though many could not see. Thrown comfortably alone. Fatherless by God's direction. He lived by way of his wanting but fell well within the Lord's lines, Seamlessly loved by those of biblical eyes. He taught me a lot about kindness and generosity. I'd have been lucky to have call him Dad. I woke up to unsettling sadness. Dreamed he had passed. Of the sadness, the truth it was real, it would last. Miss ya Friend.*

“ To My Uncle Tom, you have always been a special part of my life, I will miss more than you will ever know and as I sit here, watching your video, tears running down my face, I see the picture of your pointing your finger and I can hear you say "Don't cry, your supposed to celebrate life, remember all the good times, enjoy it that's what it's all about, don't be sad when someone's gone, life is about good times and making memories, remember the good times". I will never forget our trip to Cancun, Friday nights at the bar and summer nights at mom and dads house. You maybe gone but never forgotten, Love always your niece

“ when I started in insurance Tom was one of my first insureds. My son's and I always enjoyed when he stopped in at the office--he was a positive personality. We will miss him. Although we were not close friends of Tom's we considered him a friend. Our condolences go out to his family. There were no images of a motorcycle, so I did not add an image.
