“ *I remember riding to the shore with him listening to Boston sports talk radio. We would wake up early in the morning to go fishing at the jetty and all we would catch were horseshoe crabs but we still had fun. We used to dance around the living room listening to his country music 8 track tapes. I'll never forget how he called me "Daisy" instead of Davey even as I got older. He was the sweetest, coolest man who will always be in our hearts. God Bless The Bickley Family. Love, Davey Mantle*

“Dad, Thank you for all the wonderful memories. Your zest for life and travel has made all of us who we are today. Every thing you enjoyed and shared with us is overwhelming. I love you and miss you more then you could ever know. Mommy and I were just looking at all the videos and pictures of your trips with us all around the world. I guess we never relized just how lucky we were, but I do now. You showed us the world and how to have fun and we will continue this with our kids in your memory and you will be with us in our hearts. Love and miss you Dad Marianne John and the Girls
