“ *Pop, Bull, Uncle Bill, Uncle Buck, Ross and last but not least DAD. These are just a few of the things I heard you called growing up as a child. Some of the other things are not printable!! I always looked up to you and cherished the times we have had as a family. I'm sure you guys are up there having a blast. You were a fighter to the end and Christi took every bit of it as she may be the toughest of all your kids. We all love you. Thanks for being my DAD*

“ My condolences to Helen and the Hancock family. Bill and I were raised not only by our parents but by our Grandmother Maude and Pop Ross. He was special to them. Bill was eight years older than I and he was in the military most of my time while I was living at our Grandparents. I will never forget the day he came home from the military, he looked so big in life, strong, sure of himself and happy to be home. As with his mother and father, the racetrack was his passion and life. He got me my first real job at Garden State Racetrack. Valet runner, make a lot of tips. Uncle Bill and Aunt Eve were so good to me, showed me around the track, met people, ate great and did a little side betting. Bill was so respected at the tracks, Atlantic City, Monmouth he was a mentor.to many including me. And then came Helen, the love his of life. A match made in heaven. She was so funny, I loved her Italian Jersey accent, still do to this day. Bill loved my wife, Jackie or as he called her, (Rachel the witch) in a nice and funny way. I will miss you Bill, God Bless your cousin Wayne. May you enjoy your old but new family.

“ *Bull has always been one of my all time favorite people. I met him when I started my riding career and he was the clerk of scales. He was always supportive and kind. Yet some how scary in the nicest way. Lol. I had respect for him the moment I met him. My favorite memory was him telling me he was going to take me off all my mounts for the day if I didn't switch my stick in the first race. I 100-% believed him. I promised I would. I did. And the horse won. After the race he just gave me a look. It wasn't necessarily a smile but I know he was happy for me and that look said "Told ya so". He was a very important part of my life during those years and I am ever so grateful and thankful for that. I'm happy we got to reconnect on social media.*

My deepest sympathies to his family and everyone who's life he ever touched. I know there are so many.

“ I’ve had the honor of calling “Bull” my father in law for 26 years. A man of few words in your presence but a man to speak in great length of his pride and love of his family to others. A man with a tough exterior but a heart full of love for those closest to him. He didn’t just treat me like a son, he called me his son. Well dad you can rest easy, your three sons got it from here. Your family is in good hands.
