“ I recall being in Bill's first algebra class taught at Woodbury High School. We also knew him as an assistant coach for the freshman basketball team. He was an excellent teacher and a "cool" guy who occasionally had to drive us to away basketball games in his sparkling new 1959 Plymouth. Many in our class were able to see him again at a reunion (45th?) where he displayed the same warmth and interest in his former students that we were fortunate to experience many years before. My best to his family.

“ *Bill was a perpetual winner in all areas he pursued. When he began his career as a math teacher at Woodbury High School he was an immediate success. He was an extremely bright, upbeat man with consummate interpersonal skills.*

Rest in peace and serenity.

“ *My deepest sympathy to the Shooter family. Our sons grew up together on Griscom Dr. in Woodbury. Michael & Billy were friends and Jay and Steve are still in touch. It is very hard to lose a loved one, even if you know it will happen. Lou (my husband) of 52 years passed away Dec 27, 2019. I miss him every day and I am sure you will miss Bill, also. There are so many good memories you have to remember. God Bless Angie Smith*

“ Years ago Bill would join a group of men of similar age at my house to play poker once a month on Friday evenings. I remember him being a keen poker player and always willing to discuss local and national politics. We would also catch up on community news. I remember Bill being a man of Gadgets or small things. We shared an interest in collecting small monkey threesomes of the hear, see and speak variety. Our kids went to school together and I can still bring up images of him and his little red sports car.

“ I had the pleasure of having him as a professor and he was such an excellent teacher, he had a great sense of humor as well. My car broke down and he was such a nice person, he gave me a ride to and from school the whole time my car was out of commission. We both lived in Woodbury , I went to Woodbury HS with his son Bill. Later in life I had pleasure of working with him. Truly an incredible man. Sorry for your Families loss

I stumbled across this on FB and as soon as I saw his face I had to stop and smile. I had him for I think a math class?? at GCC in 1982 or 83 and I can remember his distinct voice and reflection on his speech. I played baseball at GCC and he would always ask how I did. Don't remember too much about his class but I do remember him as making an impact on me and my studies during that time. Real nice man. My condolences to all.
