“ my deepest sympathy to Bill's Family. You were one of the calmest Dispatcher's that SEPTA. Always had a smooth smile. I also remember you as someone who loved to have a good card game. I always looked forward to you relieving me when I had no one to relief me from my shift. Now that you are at piece you can join Bill Butler and a few other players and get a card game going in Heaven . God Bless You and may you rest in Peace

“ When I met Bill he seemed like the proverbial book worm. Not really cut out for Septa. As I grew to know him he was perfect for Septa and handling all the different types of men and their problems. I will miss my friend.

“ My deepest sympathy to Bill’s family.

I considered myself fortunate to have had Bill as a mentor as I started my career “behind the window “ at the Frankford Depot. Bill always fostered that doing the job correctly, and respecting the operators, was the only way for it to be done.

Because of the way Bill respected his operators, and they respected him, he had an enormous capacity for getting service out on the street. During times of service disruptions a call to Bill got the extra buses quickly on the street. It was fortunate for me that he was the “day man” at Allegheny and later at Frankford. He was the lynchpin that kept the depot rolling smoothly; and they were very difficult times.

Bill always took pride in his family and worked hard to provide for them. I recall that Bill, after working a 4AM to noon dispatching shift he worked an arduous job as a roofer. For years he survived on two naps a day. Never did I hear him complain.

Bill deserved to have an enjoyable retirement and I’m glad he had so many good years.

While there is profound sadness at his loss, Bill would want us to rejoice in the great ride that he had.

Thanks Uncle Bill.

*Sincerely,
Jay Furlong*
